Brain and Cognitive Sciences, MIT

**naralogics**  
artificial intelligence for the real world

## Goals for digital transformation

Nara Logics provides **ANSWER AI** for smarter software

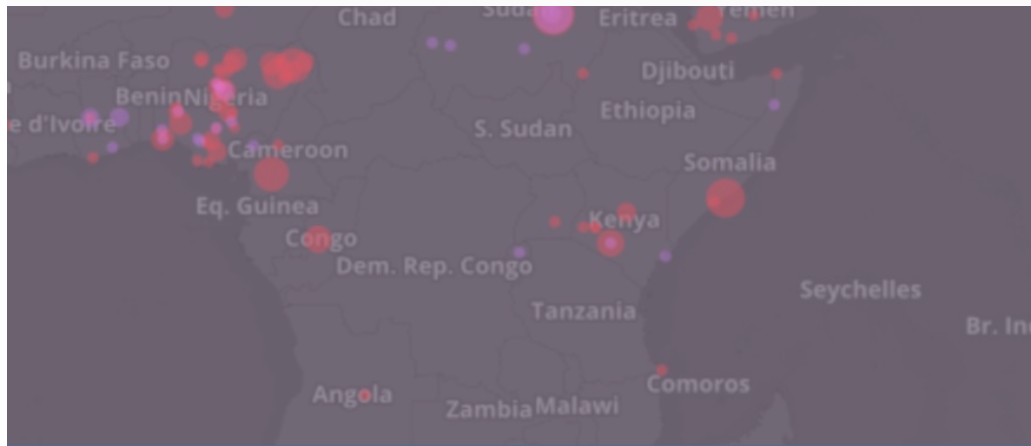

## Decision Support for Intelligence

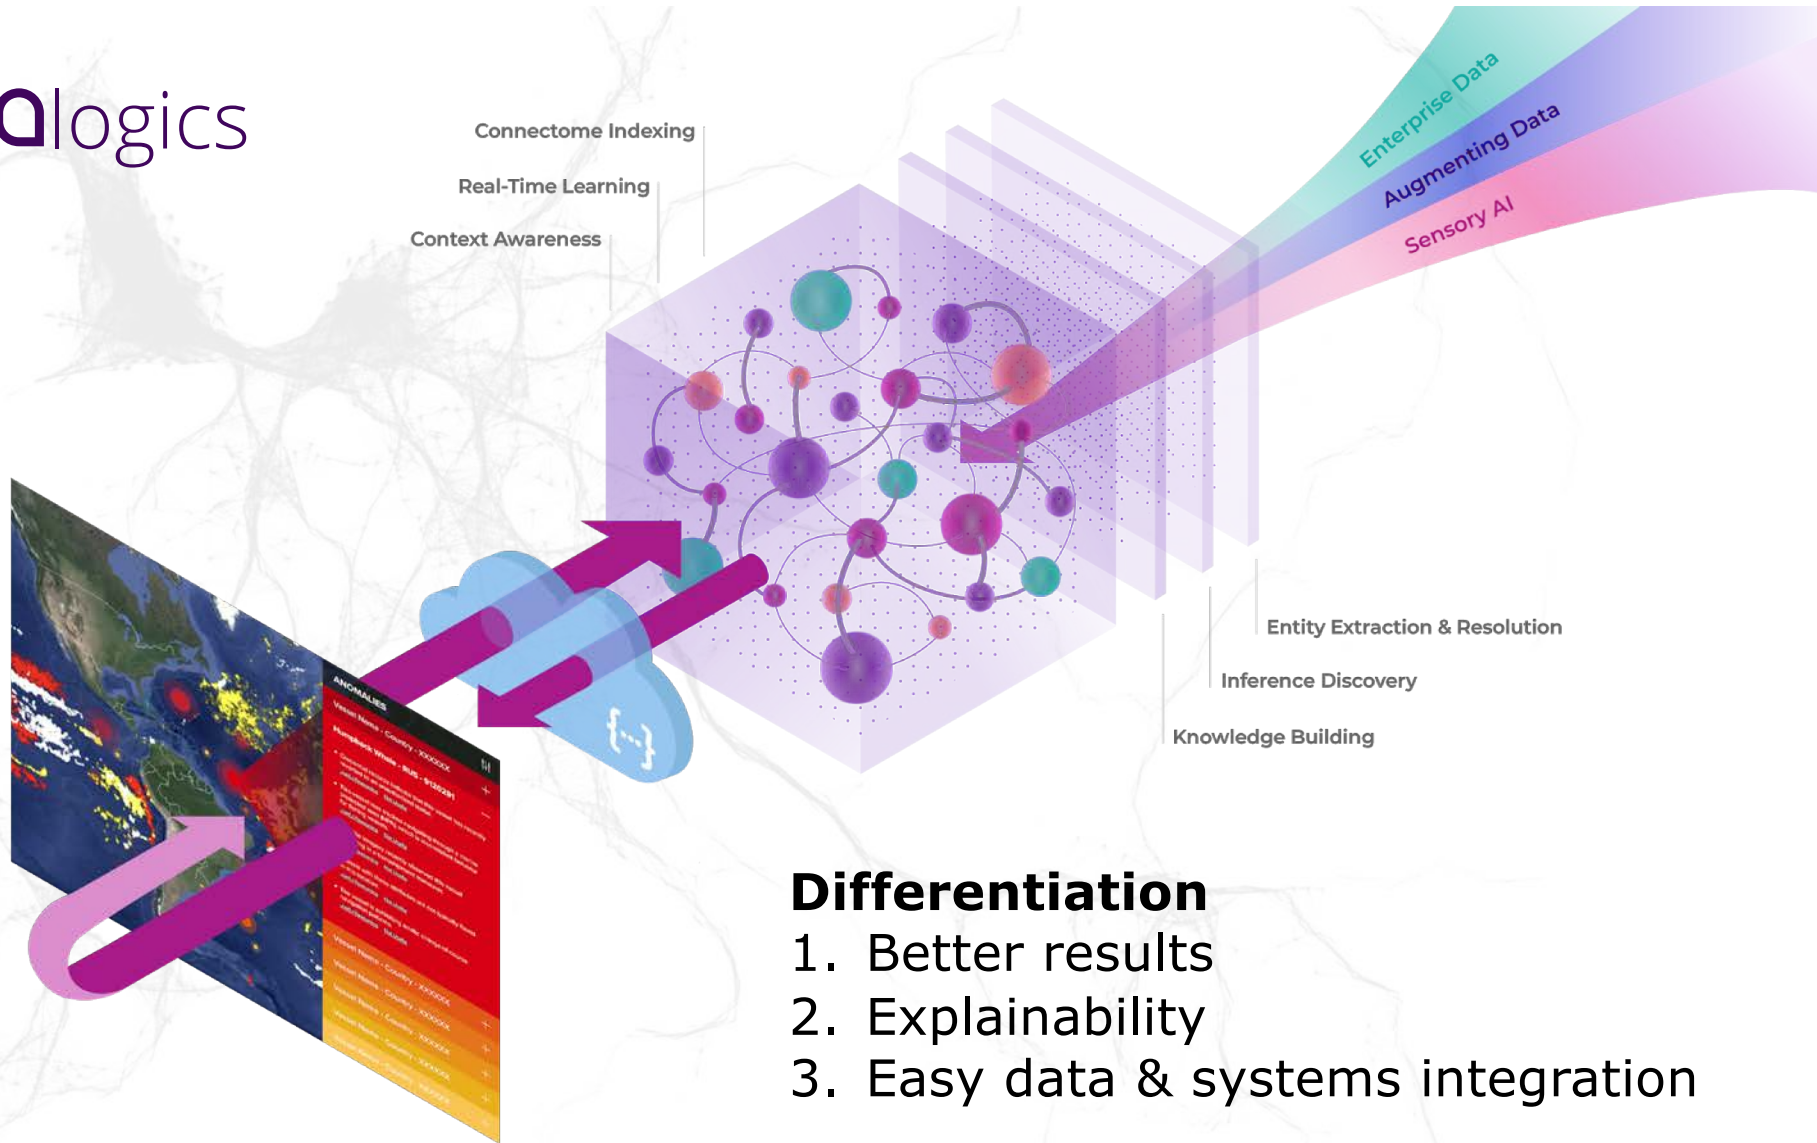

- 40% better event resolution
- Integration across systems

## ...for Process Engineering

- Leaks predicted 2 weeks earlier
- "Why" reasons drive acceptance

# naralogics : Synaptic Intelligence for IoT

For companies:

- Pursuing a build strategy for their IoT integration
- Breaking down data silos across enterprise information
- Ready to move beyond pilots and into production with IoT + AI
- Industries: Consumer Products & Retail, Defense & Intelligence, Construction Materials, Food Processing, Oil & Gas

...for answers you can trust.
