

**PART OF
A BETTER
FUTURE**

WOODSIDE & INNOVATION

Resources Sector Innovation in the
Disrupted COVID World

Neil Kavanagh (Chief Scientist)

3rd November 2021

Deliver Growth in Core Energy Business (**Foundation**)

Energy Transition (**Build On Our Strengths**)

Attraction and Retention of Investors (**Energy Growth**)

Emissions Reduction & Energy Supply

New Energy & Carbon Management

Accelerated Growth Rate

The top 3 things we are doing to drive us into a low cost, low carbon future? Multiple bets:

- transition base business to be lower carbon and lower cost
- create new business faster
- open engagement with customers, suppliers, research institutes, community and investors.
